CONGRESS REASSEMBLED.

Real Work Will Begin Without Much Delay.

WILL NOT DO MUCH THIS WEEK

Likely to be Much During the Present Session of Interest to the Southern States.

Special to the Telegram.

Washington, Jan. 3—Congress having reassembled it is expected that the real work of the session will begin without much delay. The outlook for the present week is not promising for the accomplishment of much work, and it is likely that both houses from Thursday will take an adjournment until Monday. Next week, however, the work of the session will begin in earnest. It is expected that the house will be prompt in the matter of getting down to business, and first of all the general appropriation bills will be disposed of. The senate is not so hasty in the consideration of business as the house of representatives, and the discussions over bills will be much longer in the upper branch.

Major W. T. Parker, of Archdale, was present at the reception last night.

Miss Iola Hilliard has gone to Oxford, where she enters the Seminary at that place.

H. A. McRae has some handsome photographs of his store and clerks. J. E. Jones did the work.

J. R. McCrary and Mr. and Mrs. R. T. Pickens, of Lexington, attended the Lyceum reception here last night.

The firm of Wilson & Mitchell has been dissolved and Mr. Wilson becomes sole owner. Business will be carried on at the old stand.

There is likely to be much during the present session of interest to the southern states. There is a widespread feeling among southern and western men in favor of a river and harbor bill, and the sentiment may be strong enough in the house to force a bill. The question of the reduction of the north bank of the river and harbor bill, and the sentiment may be strong enough in the house to force a bill. The question of the reduction of the north bank of the river and harbor bill, and the sentiment may be strong enough in the house to force a bill.

Mr. Wadsworth's bill for the improvement of the weather bureau service is one in which many southern states, especially the gulf states are or should be interested. There is also much interest felt in the requisition of the re-imbursement of the states for claims growing out of the seizure of cotton by the general government during the war between the states. These questions are all likely to come up during the long session and to give rise to much discussion.

There is a full membership of both houses in the city ready to attend the opening session.

The custom of receiving calls on New Year's day is evidently not as popular in Washington as in past seasons. On Monday outside of the presidential and official reception, the number of persons receiving calls was quite limited. The custom is gradually giving way, and it is believed that in the near future that receptions on New Year's day will be confined to organizations, churches and the like.

WEDNESDAY, JAN. 3, 1900.

The Morning Post this morning arises to remark: "Trouble begins at Washington today. Congress re-assembles at noon."

Editor Bob Furman, of the Raleigh Post is a cruel man. Hear him:

Dr. J. J. Mott, administrator de bono son of the "silver republican party" in this state is an expansionist. He and his party corps do seem to need something of the sort. How would Col. J. Baxter Eaves and General Julius Caesar Logan Harris do start with?

People are still figuring and arguing on the century problem. The Telegram announced several weeks ago that it had settled the question and that the century does not end until 1900 shall have passed into history. Of course, we supposed there would be no further question about it. But let 'em argue. Col. Carr, of Durham, and Bishop Rondhaler of Salem have stated publicly that the century is not yet up. Their statements support our figures and we are willing to let it go at that.

It is announced that Col. John S. Cunningham, of Person, will be before the democratic convention for the nomination for governor. A Roxboro correspondent of the News and Observer says:

Central North Carolina will have before the next democratic state convention a candidate for governor. He is a young man of fine executive ability, strong incline mind, a forcible speaker, a man of unwavering integrity—a man who would make an able, all-round chief state magistrate—as any man in all the confides of the Old North State. That man is Col. John S. Cunningham, of Person county. The east and west each have their candidates. Would it not be well for the party to reconcile all differences by selecting a man from the middle section of our state.

BLACKBURN IS CHOSEN

He succeeds William Lindsay in the Senate.

Frankfort, Ky., Jan. 2.—After four years of retirement, former Senator Joseph Clay Styles Blackburn was tonight by the joint caucus of the democratic members of the legislature as the successor of Senator William Lindsay in the United States Senate. Notwithstanding Blackburn's nomination was a foregone conclusion and his election morally certain, the proceedings of the caucus tonight were enacted in the presence of a galaxy of Kentucky beauty and a dense throng of Blackburn admirers. The caucuse convened at eight o'clock, and was called to order by Senator Goebel, chairman of the joint caucus. There was a wild demonstration in the galleries when Goebel came into the hall before calling the house to order, the cheering continuing several minutes.

Senators Alexander and Hayes, democrat, and McConnell, populist, stayed out of the caucus.

Blackburn was placed in nomination by Senator Goebel, who said that the longest and bitterest fight ever fought for senator in this state which began four years ago (when DeBoe defeated Blackburn), was about to reach its just termination. The state capitol rang with cheers as he placed Blackburn in nomination.

Senator Thomas asked that the roll be called so that every democratic member might have an opportunity to go on record for Blackburn. Senators Alexander and Hayes failed to respond to their names, otherwise the vote was unanimous. Goebel was applauded when he voted for Blackburn.

No Cure—No Pay. That is the way all druggists sell Grove's Tasteless Chills Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

REPORT ON ROBERTS CASE

Will be Made Shortly After Congress Reassembles.

Washington, Jan. 2.—The report of the committee of the house of representatives which is investigating the case of Mr. Brigham H. Roberts, of Utah, will be made soon after congress reassembles, and there is reason to believe the majority report will recommend that Roberts be excluded from the house and that he be not permitted under his credentials to exercise any prima facie right of being sworn in. Whether the report will be unanimous is open to doubt, as three of the members of the committee are not counted on as positively favorable to the course indicated, and this may result in the submission of a minority report. The minority view, if submitted, will probably deal with the prima facie right to be sworn in on credentials which are regular, and will recommend that Roberts be sworn in and thereafter expelled.

The committee will resume its hearing on Thursday, at 11 o'clock.

The testimony is closed, however, Chairman Taylor (Ohio) having heard that the remaining witnesses in Utah will not come on. It is expected therefore that Thursday will be given to Mr. Roberts for his argument. A vote is likely to follow the latter part of the week.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. Geo. D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle-working medicine is a godsend to weak, sickly, rundown people. Every bottle guaranteed. Only 50 cents. Sold by C. E. Holton, druggist.

Making a Good Start.

Charlotte, N. C., Jan. 2.—T. C. Guthrie, just returned from Rockingham, Richmond county, says the citizens there have decided to erect two new cotton mills. Work to begin shortly. Two new cotton mills were organized at King's Mountain today, each capitalized at \$10,000. The Cora Mill, F. Dilling president and the Bonny, W. A. Manney, president. Also a new bank, capital \$20,000. W. A. Manney, president.

He Only Repeats What has been said Around the World.

It has been demonstrated repeatedly in every state in the union and in many foreign countries that Chamberlain's Cough Remedy is a certain preventive and cure for croup. I, b. come the universal remedy for that disease. M. V. Fisher, of Liberty, W. Va., only repeats what has been said around the globe who he writes: "I have used Chamberlain's Cough Remedy in my family for several years and always with perfect success. We believe that it is not only the best cough remedy, but that it is a sure cure for croup. It has saved the lives of our children a number of times." This remedy is for sale by C. E. Holton, druggist.

Wireless telegraphy is new, but wireless purases have been known to the scientific world for centuries.

To the Public.

I want to let the people who suffer from rheumatism and sciatica know that Chamberlain's Pain Balm relieved me after a number of other remedies and a doctor had failed. It is the best liniment I have ever known of. J. A. Dodgen, Alpharetta, Georgia. Thousands have been cured of rheumatism by this remedy. One application relieves the pain. For sale by C. E. Holton, druggist.

It's "make or break," remarked the composer. And he made it "make" when it should have been "break."

J. I. Bevry, Loganport, Pa., writes:

I am willing to take my oath that I was cured of pneumonia entirely by the use of One Minute Cough Cure entirely after doctors failed. It also cured my children of whooping cough." Quickly relieves and cures coughs, colds, croup, gripe, pneumonia, and throat and lung troubles. Children all like it. Mothers endorse it. Howard Gardner.

Only 75-cent bottle will cure or prove its value. Sold by dealers in all civilized countries.

Schooner Dashed on the Rocks.

St. Johns, N. F., Jan. 2.—A fearful gale is raging on the coast the past week. The schooner Puritan was caught in the hurricane Friday night and dashed against the rocks on Cabot Island and completely wrecked.

The crew of nine perished, with the exception of one who succeeded in reaching a jutting pinnacle rock, where he remained until noon Saturday, when the keeper of the lighthouse rescued him.

Funnlman—"Your minister appears to be very popular. What does he preach about?" Kydder—"About 15 minutes."

Prevented a Tragedy.

Timely information given Mrs. George Long, of New Straitsville, O., prevented a dreadful tragedy and saved two lives. A frightful cough had kept her awake every night. She tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and \$1.00. Every bottle guaranteed. Trial bottles free at C. E. 6 inches thick yesterday. Today it is
6 1/2 inches thick and skaters are having
great sport.

Less than first cost—a lot of odd
suits, overcoats and pants, etc., left
at C. M. Vanstory & Co.'s, that will
go now. See new ad today.

Mr. T. F. Tyler left this morning for
Greensboro to enter his daughter,
Miss Lucy Tyler, at Greensboro Fe-
male College—Wilmington Dispatch.

Some miscreant cut the top of T. G.
McLean & Sons delivery wagon full

reported to the police this morning
and it is hoped the scoundrel will be

A letter has been received here from
Lieutenant E. L. Glaser, dated Man-
ila, Nov. 28. He says he met Mr.
Weaver, owner of the sloop Norma,
which was reported lost sometime ago.
Weaver is known in Greensboro.

Moore, the shoemaker preacher, has
probably been froze up for several
days; but today with the rising tem-
perature he thawed out and again deliv-
ered a disconcerting harangue to a
mongrel crowd in front of the dispe-
sary.

The organization of Knights of the
Knights of Columbus will not take place Fri-
day night as announced, as the Odd
Fellow's hall will be used for the meet-
ing of the Encampment on that night. The
time of organization has been post-
poned and will be given, probably, to-
morrow.

R. M. Hughes & Co., of Louisville,

Bray Brothers have presented us
with a very pretty and unique calendar
for 1900. A letter containing new
year greetings accompanied the calendar
and one part of it says: "We
hope you will accord it a conspicuous
place in your office, and be certain to
keep it for ready reference in every
time of need for 'Leaf tobacco and
scraps'."

At the fire Monday afternoon, Sam
Brown appeared with a gun coat
on his arm and a pair of rubber boots
on his head. Seeing Charley Brown
run up with his good clothes on he
exclaimed: "I thought somebody
would need 'em and I brought 'em
along." A thoughtful act, prompted
by a motive it is well to enlarge upon—
the safety and comfort of others.

A NORTH CAROLINIAN LECTURE5
AT Columbia University, New York
City.

The Telegram is in receipt of an in-
vitation to attend a course of six lec-
tures at Columbia University, New
York City, to be delivered by one of
our own young men, Mr. Leonard
Charles Van Noppen.

Jan. 4th—Early Dutch Literature.

Jan. 11th—The Augustan Age of
Holland.

Jan. 18th—Vondel, the Man and
Poet.

Jan. 25th—Vondel's "Lucifer."

Feb. 1st—From Antiquities to the
School of Helio.

Feb. 8th—The Dutch Poets of Today.

It will be remembered that Mr. Van
Noppen delivered a similar course on
Dutch literature at Columbia last
year, and it is gratifying to learn that
he has been again called before such
a high seat of learning as Columbia.

It is also interesting to learn that in
the latter part of February he begins a
course of six lectures in the "Lowell
Institute Course" of Boston, without
doubt the most celebrated course in
America.

Mr. Van Noppen will probably de-
liver one or more of his lectures in
this city this winter. He has already
been engaged to appear before the A.
& M. College at Raleigh, and for two
lectures at his alma mater, the State
University, as well as elsewhere. We
are glad of his success.

Notice!

You will please call and pay your
city taxes, as the city is in pressing
need of the money. R. M. Rees,
Dec. 4, 1899. City Collector.

You can find men's rubber boots and
wool lined buckle arctics at Thacker
& Brockmann's, also a complete line
of rubber shoes of all sizes from in-
fants' fours up to men's thirties.

Ever suffer with cold feet? Try a
pair of our thick soled, double lower
calf lined shoes. People who are wear-
ing them say they are a sure cure for
cold feet. Thacker & Brockmann
